I STATEMENT OF INTENT

ODST has followed the recommendations in The Education (School Teachers' Appraisal) (England) Regulations 2012 but may, consider in the future whether it continues to be appropriate to follow such national policy if that policy no longer seems appropriate to, or achieves ODST's objective.

Please note: This Appraisal Policy has been developed from the model published by the Department for Education and the Oxfordshire model policy that was drawn up following consultation with all the recognised Trade Unions and Associations. ODST intends that future changes to this policy will be subject to consultation with its schools/academies, their staff and any recognised Trade Unions and Associations before adopting any variation to this policy.

II INTRODUCTION

Revised appraisal arrangements come into force with effect from 1 September 2012. They are set out in the Education (School Teachers' Appraisal) (England) Regulations 2012 (the Appraisal Regulations) which replace the Education (School Teacher Performance Management) (England) Regulations 2006 (the 2006 Regulations).

Whilst the Appraisal Regulations do not apply to teachers and headteachers in academies, it is good practice for all schools to have a system for managing the performance of its staff and has therefore decided to adopt a policy that is compliant with these regulations. It commits to stay within the legal framework set out in the Appraisal Regulations and in other relevant legislation that affects all employers (for example legislation on equality, employment protection and data protection).

Appraisal Policy for teachers and headteachers

1 Purpose

- 1.1 This policy sets out the framework for a clear and consistent assessment of the overall performance of teachers, including the headteacher, and for supporting their development within the context of the school's plan for improving educational provision and performance, and the standards expected of teachers.
- 1.2 Where teachers are eligible for pay progression, the assessment of performance through the appraisal procedure will be the basis on which a recommendation is made.
- 1.3 The appraisal procedure will be used also to address any concerns that are raised about a teacher's performance. If the concerns cannot be resolved through the appraisal process performance will be managed under the Professional Capability Procedure.

2 Application of the appraisal procedure

- 2.1 This procedure applies to the headteacher and to all teachers employed by the school/ academy of the ODST, except those on contracts of less than one term¹, those undergoing induction (i.e. Newly Qualified Teachers) and those who are subject to formal capability procedures.
- 2.2 Appraisal in this school will be a supportive and developmental process designed to ensure that all teachers have the skills and support they need to carry out their role effectively. It will help to ensure that teachers are able to continue to improve their professional practice and to develop as teachers.

3 The appraisal period

- 3.1 The appraisal period will run for twelve months from 1 September to 31 August.²

¹ One term refers to the three main terms of the school year as set out in Conditions of Service for School Teachers in England and Wales (the Burgundy Book), not one of the six shorter terms where that model is applied as has been the case in Oxfordshire.

² The Governing Body may decide a different cycle, it would also be possible to decide different cycles for teachers and the headteacher. The School Teachers' Pay and Conditions Document (STPCD) includes a requirement for an annual review of pay to be completed for teachers by 31 October and for the headteacher by 31 December.

- 3.2** Teachers who are employed on a fixed term contract of less than one year will have their performance managed in accordance with the principles underpinning this policy. The length of the appraisal period will be determined by the duration of their contract.
- 3.3** Teachers who start their employment part-way through the appraisal cycle will have their performance managed over a longer or shorter appraisal period as the headteacher determines most appropriate, with the aim of bringing their cycle into line with the cycle for all other teachers as soon as possible.
- 3.4** If a teacher transfers to a new post within the school part-way through the appraisal cycle, or if a centrally employed teacher changes post within the authority, the headteacher will consider whether it is appropriate to continue with the current cycle and/or to revise the objectives in line with the new post.

4 Appointing appraisers

For the Headteacher

- 4.1** The headteacher will be appraised by an appraisal sub-group consisting of two or three members of the Local Governing Body and a suitably skilled and/or experienced external adviser who has been appointed by ODST for that purpose.
- 4.2** Where a headteacher is of the opinion that a governor is unsuitable to act as his/her appraiser, he/she may submit a written request to the Chair of Governors for that governor to be replaced, stating the reasons for the request.

For Teachers

- 4.3** The headteacher will decide who will appraise other teachers. Where the headteacher decides to delegate appraisal to line managers, this will include all aspects of the process.
- 4.4** In this school the headteacher has decided that: The headteacher will be the appraiser for all teachers in the school.
- 4.5** Where a teacher has more than one line manager the headteacher will decide which line manager is best placed to be the appraiser.
- 4.6** Where a teacher is of the opinion that the person appointed is unsuitable to act as his/her appraiser, he/she may submit a written request to the headteacher for the appraiser to be replaced, stating the reasons for the request.
- 4.7** All appraisers will receive appropriate training and guidance in these procedures.

5 Setting objectives

For the Headteacher

- 5.1 Before, or as soon as practicable after the start of each appraisal period, the Governing Body must inform the headteacher of the standards against which his/her performance will be assessed and set objectives for that period.
- 5.2 The headteacher's objectives will be set by the appraisal sub-group of the Governing Body after consultation with the external adviser.
- 5.3 The appraisal sub-group and the headteacher will seek to agree the objectives but, if that is not possible, the appraisers will determine the objectives. Objectives may be revised if circumstances change.

For Teachers

- 5.4 Before, or as soon as practicable after the start of each appraisal period, the headteacher must inform each teacher of the standards against which their performance will be assessed and ensure that objectives are set for that appraisal period.
- 5.5 All teachers must be assessed against the *Teachers' Standards* published in July 2011 except for those who hold Qualified Teacher Learning and Skills status (QTLS)⁴. The *Teachers' Standards* can be found in Annex A.
- 5.6 The headteacher or Governing Body (as appropriate) will need to consider whether certain teachers should also be assessed against other sets of standards published by the Secretary of State that are relevant to them, for example Advanced Skills and Excellent Teachers.
- 5.7 Objectives for each teacher will be set before, or as soon as practicable after, the start of each appraisal period. The objectives set for each teacher, will be Specific, Measurable, Achievable, Realistic and Time-bound and will be appropriate to the teacher's role and level of experience. In setting objectives, the appraiser will have regard to what can reasonably be expected in the context of roles, responsibilities and experience, consistent with the school's strategy for achieving a work/life balance for all staff.
- 5.8 The objectives set for each teacher will, if achieved, contribute to the school's plans for improving the school's educational provision and performance and improving the education of pupils at that school. The objectives should also support teachers' professional development. The headteacher will quality assure all objectives against the school improvement plan.

⁴ For teachers who are qualified teachers by virtue of holding QTLS status, it is for the Governing body or headteacher to decide which standards are most appropriate. Such teachers may be assessed against the Teachers' Standards, against any other sets of standards issued by the Secretary of State,

against any other professional standards relevant to their performance or any combination of those three.

5.9 In this school, all teachers, including the headteacher, will normally have no more than three objectives.

5.10 The appraiser and teacher will seek to agree the objectives but, if that is not possible, the appraiser will determine the objectives. Objectives may be revised if circumstances change.

5.11 Objectives will be moderated across the school by the headteacher to ensure that they are consistent between teachers with similar experience and levels of responsibility.

6 Pay progression

6.1 Where teachers are eligible for pay progression, the recommendation made by the appraiser will be based on the assessment of their performance against the relevant teacher standards and their agreed objectives. The decision made by the relevant decision-making body will be based on the statutory criteria and guidance set out in the School Teachers' Pay and Conditions Document (STPCD). (NB – pay recommendations for teachers must be made by 31 October and for the headteacher by 31 December).

7 Reviewing performance

Observation

7.1 This school believes that observation of classroom practice and other responsibilities is important both as a way of assessing teachers' performance in order to identify any particular strengths and areas for development they may have and of gaining useful information which can inform school improvement more generally.

7.2 In this school teachers' performance will be regularly observed but the amount and type of classroom observation will depend on the individual circumstances of the teacher and the overall needs of the school. All observation will be carried out in a supportive fashion and in line with the school's Classroom Observation Protocol⁵.

7.3 Classroom observation for the purpose of appraisal will only be carried out by those with Qualified Teacher Status (QTS).

7.4 In addition to formal observation for the purposes of appraisal, headteachers or other leaders with responsibility for teaching standards may "drop in" in order to evaluate the standards of teaching and to check that high standards of professional performance are established and maintained. The length and frequency of "drop in" observations will vary depending on specific circumstances and will be carried out in line with the school's Classroom Observation Protocol.

7.5 Teachers (including the headteacher) who have responsibilities outside the classroom should also expect to have their performance of those responsibilities observed and assessed.

8 Feedback

8.1 Teachers will receive constructive feedback on their performance throughout the year and as soon as practicable after observation has taken place or other evidence has come to light. Feedback will highlight particular areas of strength as well as any areas that need attention.

9 Development and support

9.1 Appraisal is a supportive process which will be used to inform continuing professional development. The school wishes to encourage a culture in which all teachers take responsibility for improving their teaching through appropriate professional development. Professional development will be linked to school improvement priorities and to the on-going professional development needs and priorities of individual teachers.

9.2 The school's continuing development (CPD) programme will be informed by the professional development needs identified as part of the appraisal process. The Governing Body will ensure that, as far as possible, resources are made available in the school budget for appropriate training and support agreed through the appraisal process.

10 Assessment

10.1 Each teacher's performance will be formally assessed in respect of each appraisal period. In assessing the performance of the headteacher, the Governing Body must consult the external adviser.

10.2 This assessment is the end point to the annual appraisal process, but performance and development priorities will be reviewed and addressed on a regular basis throughout the year in interim meetings which will take place (*e.g. three times a year*).

10.3 The teacher will receive as soon as practicable following the end of each appraisal period and have the opportunity to comment in writing on, a written appraisal report. In this school, teachers will receive their written appraisal reports by 31 October (31 December for the headteacher). The appraisal report will include:

- details of the teacher's objectives for the appraisal period in question;
- an assessment of the teacher's performance of their role and responsibilities against the relevant standards. Where the standards are being met detailed written evidence will not normally be required. However, if there are concerns that standards are not being met these should be capable of being evidenced;
- an assessment of the teacher's performance of their role and responsibilities against their objectives;

⁵ It is recommended that all schools should have a Classroom Observation Protocol. A model protocol is provided in Annex B

- an assessment of the teacher's professional development needs and identification of any action that should be taken to address them;
- a recommendation on pay where that is relevant;
- a space for the teacher's comments.

10.4 A review meeting will take place to discuss the content of the written appraisal report and any action required, and to inform objective setting for the next cycle. The assessment of performance and of professional development needs will inform the planning process for the following appraisal period.

11 Appeals

11.1 Teachers have a right of appeal against any of the entries in their written appraisal report. If a teacher feels that an entry is wrong or unjust, they may appeal in writing within five working days of receiving their written appraisal report, setting out at the same time the grounds for appeal. Where a teacher wishes to appeal on the basis of more than one entry this would constitute one appeal hearing.

11.2 If the reason for appeal is associated with a decision on pay progression the appeal process in the Pay Policy should be followed.

11.3 In all other cases the appeal will be considered by a senior manager or an individual governor who has not been previously involved with the case. Appeals will be heard without unreasonable delay and, where possible, at an agreed time and place. The teacher will be given at least five working days' notice of the date of the hearing and has the right to be accompanied by a trade union representative or a work colleague. Notes will be taken and a copy sent to the employee.

11.4 Appeals should normally be restricted to considering the reasonableness of the decision made, any relevant new evidence or any procedural irregularities.

11.5 The employee will be informed in writing of the results of the appeal hearing within three working days of the date of the hearing.

12 Confidentiality

12.1 The appraisal process and the written appraisal report will be treated with confidentiality. However, the desire for confidentiality does not override the need for the headteacher and Governing body to quality-assure the operation and effectiveness of the appraisal system. This is likely to be achieved by *the headteacher providing the governing body with a written report on the operation and impact of the school's appraisal policy annually.*

13 Retention

13.1 The Governing body and headteacher will ensure that all written appraisal records are retained in a secure place for six years and then destroyed.

14 Concerns about a teacher's performance

14.1 Where there are concerns about any aspects of a teacher's performance at any time during the year, the appraiser will, as part of the appraisal process, meet the teacher to:

- give clear feedback to the teacher about the nature and seriousness of the concerns;
- give the teacher the opportunity to comment on and discuss the concerns;
- agree any support (e.g. coaching, mentoring, structured observations), that will be provided to help address those specific concerns;
- make clear how progress will be monitored and when it will be reviewed;
- explain the implications and process if no – or insufficient – improvement is made.

14.2 The teacher should be advised, in advance, of the nature and purpose of the meeting and given the opportunity to bring a union representative or work colleague to the meeting, if they wish.

14.3 Notes will be taken of the meeting and a copy given to the member of staff within three working days of the meeting.

14.4 The teacher's progress will continue to be monitored as part of the appraisal process. It may be appropriate to revise objectives. It will be necessary to allow sufficient time for improvement, this will depend on the circumstances but will normally be for a period of not less than four to six working weeks.⁶

14.5 When progress is reviewed, if the appraiser is satisfied that the teacher has made, or is making, sufficient improvement, the appraisal process will continue as normal, with any remaining issues continuing to be addressed through that process.

14.6 If the appraiser is not satisfied with progress, the teacher will be notified in writing that the appraisal system will no longer apply and that their performance will be managed under the Professional Capability Procedure. He/she will be invited to a formal capability meeting.

14.7 Full details of the procedure to be followed are contained in a separate Professional Capability Procedure.

⁶ It is for the person conducting the meeting to determine the set period which should be between four and ten working weeks. It should be reasonable and proportionate and should provide sufficient opportunity for an improvement to take place.

Frequently Asked Questions

What happens if the appraiser is likely to be absent for the majority of the appraisal cycle?

If it becomes apparent that the appraiser will be absent for the majority of the appraisal cycle the headteacher will appoint another appraiser or he/she can decide to carry out the appraisal him/herself.

What happens if the teacher is absent for the majority of the appraisal cycle?

If it becomes apparent that the teacher will be absent for the majority of the appraisal cycle the effect of the period of absence will need to be taken into account.

If the absence is anticipated in advance, for example if the teacher will be on maternity leave, the objectives should be revised. If the absence is due to sickness the agreed objectives may be revised when the teacher returns to work or the length and impact of the absence on the teacher's ability to achieve his/her objectives will be taken into account in the assessment at the end of the cycle.

In either case, the principle is that the extent to which the teacher can achieve his/her objectives must be proportionate to the time spent at work during the appraisal cycle.

PART TWO: PERSONAL AND PROFESSIONAL CONDUCT

A teacher is expected to demonstrate consistently high standards of personal and professional conduct. The following statements define the behaviour and attitudes which set the required standard for conduct throughout a teacher's career.

- Teachers uphold public trust in the profession and maintain high standards of ethics and behaviour, within and outside school, by:
 - o treating pupils with dignity, building relationships rooted in mutual respect, and at all times observing proper boundaries appropriate to a teacher's professional position
 - o having regard for the need to safeguard pupils' well-being, in accordance with statutory provisions
 - o showing tolerance of and respect for the rights of others
 - o not undermining fundamental British values, including democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs
 - o ensuring that personal beliefs are not expressed in ways which exploit pupils' vulnerability or might lead them to break the law.
- Teachers must have proper and professional regard for the ethos, policies and practices of the school in which they teach, and maintain high standards in their own attendance and punctuality.
- Teachers must have an understanding of, and always act within, the statutory frameworks which set out their professional duties and responsibilities.

Appendix 2 – Model Classroom Observation Protocol

Introduction

1. The Governing body is committed to ensuring that classroom observation is developmental and supportive and that those involved in the process will:
 - carry out the role with professionalism, integrity and courtesy;
 - seek to reach agreement in advance on how classroom observations are to be carried out;
 - evaluate objectively;
 - report accurately and fairly; and
 - respect the confidentiality of the information gained.
2. Headteachers have a duty under the School Teachers' Pay and Conditions Document (STPCD) to *lead, manage and develop the school workforce, including appraising and managing performance*. Classroom observation is essential for appraisal and for evaluating standards of teaching and learning.
3. Classroom observation may take different forms, including formal classroom observation, drop-ins and learning walks.

Planning for observation

4. In this school teachers' performance will be regularly observed but the amount and type of classroom observation will depend upon the individual circumstances of the teacher and the overall needs of the school. The amount of observation for each teacher should reflect and be proportionate to the needs of the individual, taking into account factors such as their appraisal objectives and whether the teacher works part or full time.
5. The Headteacher will consult teachers on the number, pattern and types of observation that they can expect during the year and ensure that they receive reasonable notice of observations. As far as possible, formal classroom observations will take place at a time agreed between the teacher and the observer.
6. Information gathered during classroom observations will be used, as appropriate, for a variety of purposes including to inform school self-evaluation and school improvement strategies in accordance with the school's commitment to streamlining data collection and minimising bureaucracy and workload burdens on all staff.
7. The arrangements for classroom observation for appraisal will be included in the discussion of objectives and will include the amount of observation and its focus, the duration of the observation, when during the appraisal cycle the observation will take place and who will conduct the observation.
8. Where there are concerns about a teacher's performance additional classroom observations may be arranged. These will be discussed and agreed in a 'concerns' meeting between the appraiser and the teacher, as described in the Appraisal Policy (paragraphs 48-51).

Conducting observations

9. Classroom observations for appraisal will only be undertaken by persons with qualified teacher status (QTS). In addition, classroom observation will only be undertaken by those who have had adequate preparation and possess the appropriate professional skills to undertake observation and to provide constructive oral and written feedback and support, in the context of professional dialogue between colleagues.

Feedback and records

10. Oral feedback will be given as soon as possible after an observation and no later than the end of the following working day. It will be given during directed time in a suitable, private environment.
11. Written feedback will be provided within five working days of the observation taking place. If issues emerge from an observation that were not part of the planned focus of the observation these should also be covered in the written feedback and appropriate action discussed with the teacher.
12. The written record of feedback will include the date on which the observation took place, the lesson observed and the length of the observation. The teacher has the right to append written comments on the feedback document. No written notes in addition to the written feedback will be kept.
13. Ofsted style grades are not a part of the appraisal process and should not feed into the assessment of a teacher's performance. However, a school may choose to use Ofsted grades to inform their evaluation of the standards of teaching and learning in the school.

Drop-in observations and Learning Walks

14. In addition to formal classroom observations, the headteacher or other leaders with responsibility for teaching standards may "drop in" on lessons to evaluate the standards of teaching and to check that high standards of professional performance are established and maintained.
15. Evidence from drop-ins and learning walks should not be used in the assessment of an individual teacher's performance unless this has been agreed as evidence in the appraisal process.
16. The duration, frequency and scope of drop-ins and learning walks should be considered carefully. They should have a clear rationale and focus which should be communicated to teachers.

Peer observation

17. Teachers should have the opportunity to engage in classroom observation with other professional colleagues through peer observation in order to review and develop their practice. Professional development through peer observation is voluntary.

Newly Qualified Teachers (NQTs)

18. Observations are an important part of the statutory induction process and support for newly qualified teachers (NQTs). The general principles set out above apply equally to NQTs, in particular reasonable notice of observations and the provision of feedback.

Professional capability procedures

19. Classroom observation may be used as part of a programme of structured support for teachers who are subject to formal capability procedures and to provide evidence of a teacher's progress. The amount and focus of observation will be discussed with the teacher.
